

## **PERSONAL & PROFESSIONAL EXPERIENCES**

“WullStone quickly brings about deep responses at cellular level elevating vital metabolic exchange, and producing highly desirable localized and reflex changes in tissues: a well-proven and worthy therapeutic adjunct, helping patients overcome resistance and congestion across a very wide range of conditions.” Michael M Garrett DC ND

“FIRE therapy facilitates a unique approach in energy medicine that brings the total system back into balance. Used extensively for a variety of issues from trauma to eliminating food cravings, WullStone is highly effective for removing negative emotions, reducing discomfort and pain and to support clients’ integrative healing plans.” Ginni Selle PhD LCPC RA NCMBT

“We’ve been delighted with the visible results using the WullStone FIRE massage as an integral part of a new non-invasive, non-ablative procedure for detoxification and cellulite reduction during 12 week clinical trials through dramatic enhancement of diuresis and removal of cellular waste.” Stephanie O’Neal, RN BS LMT, & Denise Thornhill-Truax LMT

“The deep effects of WullStone FIRE massage on circulation and metabolism provide highly valuable support for medical weight loss and body recontouring: and there’s a deeper influence with FIRE therapy for patients: helping to rebuild the Life-force energy by nourishing and supporting the body to heal itself and become its’ own source of balanced energy.” Sameena Rasheed MD, American Society of Bariatric Medicine

“WullStone FIRE Reflexology has allowed me to achieve a level of relaxation that reaches to the very core of my being” EH Chief Nursing Officer, GA
